## Join Over 3,100 Superintendents That Have Taken the Pledge!

When a Superintendent takes the Future Ready Pledge, his/her district is making a firm commitment to implementing meaningful changes toward a digital learning transition that supports teachers, and addresses the district's vision for student learning. By signing the pledge, district leadership teams will be offered the opportunity to attend regional summits, utilize the **Future Ready Hub** (<http://futureready.org/the-hub/>), participate in upcoming events, learn about additional activities and events offered by our partners, and get free access to the interactive planning dashboard.
